WITH THE
APPRENTICESHIP HUB

INTRODUCING THE APPRENTICESHIP HUB

The Apprenticeship Hub is a free service supporting businesses across York, North Yorkshire and East Riding. We provide expert guidance, information and access to training to help you recruit and upskill staff through apprenticeships.

WHAT IS AN APPRENTICESHIP?

Apprenticeships combine hands-on work with the opportunity to train and earn qualifications. Training can take place either on work premises, online, or at a training provider, and is an average of 6 hours per week for apprentices working a 30 hour week. An apprenticeship is a minimum of 12 months, however the exact length is dependent on the sector and level chosen.

WHY OFFER APPRENTICESHIPS?

Apprenticeships are fantastic for building new talent pipelines, preparing new employees with the skills needed in your business and upskilling your current workforce. Apprentices can be of any age (16 years or over) and work in almost any sector. They complete meaningful work to support your business, as outlined in your chosen apprenticeship.
