How First Intuition benefit from a YLP membership

We asked Business Development Manager, Natalie Stevenson, for her reasoning for joining YLP as a brand new member. She described the following:

We hope to use our membership for collaboration opportunities with other providers. We offer L7 courses that can act as a pathway for other providers' learners.

We find the comms & regular updates useful and appreciate always being in the know of sectoral and regional changes.

It is handy to be a part of an organisation that encourages the sharing of best practice.

YLP work with our providers to better understand what they are looking for, and what we can do to further support local FE.
