## How SCL Education Group benefits from a YLP membership

We asked Chief Education Officer, Stuart Allen, for his thoughts on the benefits of a YLP membership. He described the following:

*“SCL is proud to be a member of Yorkshire Learning Providers (YLP). Being part of this network enables us to connect with organisations, services, and providers, helping us expand our partnerships and share the impact of our work.*

*YLP plays a key role in refining our marketing efforts, ensuring we reach the right learners while also fostering connections with like-minded providers. Their work in bringing the sector together, sharing insights, and championing further education is invaluable. As a member, we benefit from staying ahead of industry developments, collaborating on opportunities, and strengthening our ability to innovate and grow.”*

**YLP work with our providers to better understand what they are looking for, and what we can do to further support local FE.**
